AMENDMENT A

The Assistant Commissioner for Patents and Trademarks
Washington, DC 20231

Sir:

The following is in response to the office Action dated June 26, 1995.

Please amend the application as follows:

In the Claims

1. (Amended) A head-mounted [projection] display apparatus comprising:
- [a] an active matrix liquid crystal display panel to generate an image;
- an [optic] optical system [to] that receives the generated image [and to] and directs the image onto a cholesteric liquid crystal element that extends the optical path of the generated image by reflection of the image within the [optic] optical system, the [optic] optical system transmitting a [projection] displayable image; [and]
